

**Hott-Wire®**

Tired of getting stuck in your own driveway? Are your clients at risk every time there is snow or ice on the sidewalks, stairs, or access ramps in front of your business? Sick of using your snow shovel? Heatizon Systems Hott-Wire® snow melt technology is the solution.

#### CONVENIENCE

Retire your snow shovel or snow plow and relax by installing a Heatizon Systems Hott-Wire® snow melt system in your home or business. Our radiant snow melting technology is designed to conveniently and automatically eliminate snow and ice build up day and night, so you don't have to.

#### WORRY FREE RELIABILITY

The entire Hott-Wire® system, has no moving parts to wear out, and has nothing that requires routine maintenance. Hott-Wire® heating element is backed by an industry leading warranty.

#### VALUE

A snow melting system from Heatizon adds value to any home or building, and increases the life of surfaces by preventing chemicals, shovels, and snow plows from damaging them. Ensure that customers, employees, friends and family can avoid injuries sustained from slipping on icy driveways and walkways. An automated snow melting system, creates more free time for more important tasks and adds efficiency and safety to business operations.

#### COST EFFECTIVE

Our snow melting systems are designed to operate only when necessary and can be programmed to turn on automatically when snow is falling using advanced temperature and snow sensing controls. This feature maximizes the convenience of automatic snow melting while minimizing the impact to your budget.

#### EFFICIENT

All of Comfort Radiant's electric radiant heating and snow melting products are 100% efficient.
