Hott-Wire® PEDESTAL PAVER SNOW MELTING SYSTEM

Heatizon's patented Pedestal Paver heating system is the only electric solution to melt snow and ice for pavers on pedestals. Now outdoor spaces can be free from snow/ice, and make them free to be used year-round. Each system is custom designed to the needs of the project. The system comes complete with everything needed including activators and GFEP panels.

Heatizon Systems is a leader in the Electric Radiant Heating space for the past 20 years. Offering solutions for roof deicing, snow melting, floor/space heating, heat loss prevention, and heat trace.

EFFICIENT

All of Heatizon Systems electric radiant heating and snow melting products are 100% efficient.

MINERAL INSULATED CABLE

FEATURES

- Easily zoned for small or large areas
- Virtually no maintenance
- No oil, gas, or propane required
- Minimal utility space requirements
- Quiet
- Easy to install
- Completely automated
- Economical to operate
- 100% energy efficient
- Industry leading warranty

HOTT-WIRE TECHNICAL DATA

| | |
|--------------------------------|--|
| Conductor | Nickel Coated Copper 0.02 to 1.8 Ω |
| Conductor Insulator | Woven Fiberglass Matrix |
| Grounding Sheath | Seamless Copper |
| Outer Jacket | (HDPE) High-Density Polyethylene |
| Minimum Bending Radius | 5D (Approx. 1") |
| Minimum Spacing | 2" |
| Supply Voltage | Up to 600VAC |
| HDPE Maximum Temperature | 248°F (120°C) with HDPE Jacket |
| Thermal Resistance Temperature | 482°F (250°C) |
| Output Wattage | Up to 40 watts/ft single conductor or 25 watts/ft double conductor |
| Warranty | 10 Year Limited Warranty |
| Listing Agency | ETL (Intertek Testing Laboratory) |

WORRY FREE RELIABILITY

The entire Hott-Wire® system, has no moving parts to wear out, and has nothing that requires routine maintenance. Hott-Wire® heating element is backed by an industry leading 10-year warranty.

CONVENIENCE

Retire your snow shovel or snow plow and relax by installing a Heatizon Systems Hott-Wire® snow melt system. Our radiant snow melting technology is designed to conveniently and automatically eliminate snow and ice build up day and night.

Heatizon Systems

VALUE

A snow melting system from Heatizon adds value to any home or building, and increases the life of surfaces by preventing chemicals, shovels, and snow plows from damaging them. Ensure that customers, employees, friends and family can avoid injuries sustained from slipping on icy surfaces. An automated snow melting system, creates more free time for more important tasks and adds efficiency and safety to business operations.

CUSTOMER SERVICE

Our highly experienced Technical Support Teams are the best in the business. We also manufacture a family of under-roof surface snow melt and deicing products, heat tracing, snow melting, interior floor warming and space heating products.
